The Urban Greenspaces Institute and Portland Memorial Mausoleum celebrate the completion of the nation's largest hand-painted mural.

Friday, October 2, 2009

Noon to 1:30 pm

6705 SE 14th Ave.

On October 2, join us in dedicating the nation's largest, hand-painted mural. The Portland Memorial Mausoleum Mural, overlooking Oaks Bottom Wildlife Refuge, creates an architectural landmark for the surrounding neighborhood and can be seen from as far away as the west hills. The mural is a tribute to Portlanders' commitment to preserving and enhancing urban greenspaces and is a testament to the importance of wildlife and healthy watersheds in our daily lives.
